DISTRACTION GRAPHICS
SIGN TYPE 6.1

Cap height: 6 3/4"

Printed graphics (assume 20%
double hit of white ink to achieve
frosted appearance) on Lintec
optically clear film

**NOTE: We are going to want
samples of these graphics at
full size printed on Lintec at
multiple ink densities in order to
determine the prefered opacity,
so assume roughly 10 full-
height samples total accounting
for all variations (6.1–6.5). The
width could simply be the width
of the roll.**
